

Drawing & Watercolour Combo

Instructor: Bill Shoup

Two classes combined! Spend several weeks learning drawing techniques in a variety of media. Then more than a few weeks later we will cover painting techniques, including colour theory and mixing.

This class is for both beginners and those students who would like a refresher course with the opportunity to combine both mediums.

Materials List:

- A 9" x 12" paper pad good for both ink and pencil drawing
- an ordinary HB pencil
- a regular pencil eraser

Please bring these supplies to the first class. A list for further supplies will be discussed and provided at that time.
