

Luminous Acrylic - Intermediate

Instructor: Roger Byrt

Class Outline:

We will be exploring both traditional and contemporary painting techniques and using them to create highly finished luminous paintings. Some of my examples are below.

You will be expected to prepare ideas and compositional drawings and work with glazing techniques. We will be introduced to the demonstrations on the organization of pictorial space and other related picture making activities and projects.

Materials List:

- Your current acrylic paints
- Additional paint – a small quantity of water soluble oils are required – will discuss in class.
- Your current brushes – will need 2 soft brushes
- Stretched canvas – canvas board is okay – will depend on your individual preferences as well as how much painting time you require for each piece
- Additional supplies: palette, containers for water; rags or paper towels
